SAVE LIVES USING C.W.O. WEATHER SERVICES

Our President/CEO has over *20 years of experience* in the weather industry. He worked on weather and lightning network deployments for the *US and Canadian governments*, as well as served a range of businesses, enterprises, media outlets, and educational institutions. We now partner closely with a variety of *industry-leading weather services vendors* through our C.W.O. (Chief Weather Officer) services. We can provide your organization consulting guidance on the *most-accurate and cutting-edge weather services* to ensure your business will save lives and proactively be prepared for severe weather. We also offer deployment, onboarding, and training offerings, either directly through us (as an additional service) or through our vendor partnerships.

Weather Hardware

- Weather Stations
- Lightning Detection Sensors
- Air Quality Sensors
- High Resolution Weather Cameras
- Outdoor Warning Sirens

Severe Weather Monitoring
