MEDIA/MUSIC MINISTRY CONSULTING

Our President/CEO was in the NFSM Piano Guild for eleven years, earning his gold Paderewski medal the final year. He also served on the music and media ministries in various churches during his lifetime, as well as conducted research into church broadcast ministries. We are ready to serve your church's music or media ministry with a variety of consulting services. We serve churches of all sizes, from the smallest to the largest.

Bible Software Deployment and Training

We will deploy Bible software to your church staff (and members as an option) and provide training on how they can go further into their Bible study than ever before. Our President/CEO served in the Bible software industry and continues to provide Bible software training to ministries and individuals.

Worship Presentation Software Deployment, Training, and Maintenance

We can deploy worship presentation software to your media ministry and train your media ministry team on using it. We can also provide ongoing maintenance on building sermon and worship service slides in the event your church or ministry need a continuous virtual media ministry creative services solution.

Sermon Hosting, Podcasting, and Editing

We can recommend the ideal sermon hosting and podcasting services for your church's media ministry and assist your church in launching a podcast or video ministry. We can also perform select ongoing audio or video production and editing or train your media ministry team on how to edit your church's content.
